

# INFRASTRUCTURE AS-A SERVICE (IAAS)

| SKU                                   | Item  | Description                                  | Measuring unit | Price       |
|---------------------------------------|---|--|----------------|-------------|
| <b>Core Cloud Compute - Shared</b>    |   |  |                |             |
| O-IS1000-10                           | mBlock   Core   1GB Ram Used                                    | Shared compute RAM resource                  | GB RAM         | € 4,88      |
| O-IS1000-12                           | mBlock   Core   1 vCPU Used                                     | Shared compute vCPU resource                 | vCPU           | € 1,83      |
| O-IS1020-10                           | mBlock   Protect   1GB RAM   Reserve                            | Reserved compute RAM for disaster recovery   | GB RAM         | € 3,11      |
| O-IS1020-12                           | mBlock   Protect   1vCPU   Reserve                              | Reserved compute vCPU for disaster recovery  | vCPU           | € 1,16      |
| O-IS1020-20                           | mBlock   Protect   1GB RAM   Run-Time                           | Use of compute RAM during disaster recovery  | GB RAM         | € 14,63     |
| O-IS1020-22                           | mBlock   Protect   1vCPU   Run-Time                             | Use of compute vCPU during disaster recovery | vCPU           | € 5,49      |
| <b>Core Cloud Compute - Dedicated</b> |   |  |                |             |
| O-IS1200-10                           | mBlade   Core   X64   NO-OS   32 cores   512 GB                 | Dedicated compute resource (N+1)             | Instance       | € 1.548,77  |
| <b>Hyper-V Cloud Compute - Shared</b> |   |  |                |             |
| O-IS1000-22                           | mBlock   HyperV commercial   1GB RAM used                       | Shared academic commercial compute RAM       | GB RAM         | € 3,96      |
| O-IS1000-23                           | mBlock   HyperV academic   1GB RAM used                         | Shared academic compute compute RAM          | GB RAM         | € 4,27      |
| O-IS1000-25                           | mBlock   HyperV   1 vCPU Used                                   | Shared academic compute vCPU                 | vCPU           | € 1,22      |
| <b>Power Cloud Compute - Shared</b>   |   |  |                |             |
| IS1030-10                             | mBlock   Power   AIX   Slice PowerCPU                           | Virtual CPU                                  | vCPU           | € 54,88     |
| IS1030-20                             | mBlock   Power   AIX   1GB Power Memory                         | Internal memory                              | GB RAM         | € 18,29     |
| <b>Cloud Storage</b>                  |   |  |                |             |
| O-IS2000-10                           | mStore Elastic Block   Standard   TB                            | Standard tier-2 storage                      | TB             | € 108,54    |
| O-IS2010-10                           | mStore Elastic Block   Performance   TB                         | Performance tier-1 storage                   | TB             | € 157,32    |
| O-IS2200-10                           | mStore Big File   Hot Data   TB                                 | Flex/ archive disk storage                   | TB             | € 108,54    |
| O-IS2210-10                           | mStore Big File   Cold Data   TB                                | Flex/ archive tape storage                   | TB             | € 29,88     |
| O-IS2220-10                           | mStore Big File   Retrieve Data   GB                            | Moved data disk - tape                       | GB             | € 0,01      |
| O-1220-10*4                           | mStore Block Enterprise   GiB   Redundant HA                    | Power Cloud HA storage                       | GB             | € 0,70      |
| <b>Network</b>                        |   |  |                |             |
| O-IS4010-10                           | mNet Edge Connect Uplink Port 1 Gbps                            | Port on border network                       | Instance       | € 118,05    |
| O-IS4010-20                           | mNet Edge Connect Uplink Port 10 Gbps                           | Port on border network                       | Instance       | € 139,02    |
| O-IS4010-30                           | mNet Edge Connect Uplink Port 100 Gbps                          | Port on border network                       | Instance       | € 359,75    |
| O-IS4100-10                           | mNet Edge Router 1 Gbps   | HA routing core en HA network border         | Instance       | € 132,93    |
| O-IS4100-13                           | mNet Edge Router 100 Mbps                                       | HA routing core en HA network border         | Instance       | € 14,63     |
| O-IS4100-20                           | mNet Edge Router 10 Gbps  | HA routing core en HA network border         | Instance       | € 1.274,38  |
| O-IS4100-30                           | mNet Edge Router 100 Gbps                                       | HA routing core en HA network border         | Instance       | € 12.335,24 |
| O-IS4150-10                           | mNet NSX Edge cluster   Shared                                  | HA routing appliance (VMW only)              | Instance       | € 101,39    |
| O-IS4150-20                           | mNet NSX Edge Small   | Routing appliance (VMW only)                 | Instance       | € 74,41     |
| O-IS4150-30                           | mNet NSX Edge cluster Medium   HA                               | HA routing appliance (VMW only)              | Instance       | € 494,97    |
| O-IS4150-40                           | mNet NSX Edge cluster Large   HA                                | HA routing appliance (VMW only)              | Instance       | € 2.226,51  |
| O-IS4150-50                           | mNet NSX Edge cluster Xlarge   HA                               | HA routing appliance (VMW only)              | Instance       | € 5.069,68  |
| O-IS4150-60                           | mNet NSX Advanced Loadbalancer Basic   Shared                   | Loadbalancer (VMW only)                      | Instance       | € 204,42    |
| O-IS4150-62                           | mNet NSX Advanced Loadbalancer Basic   Dedicated                | Loadbalancer (VMW only)                      | Instance       | € 1.839,85  |
| O-IS4150-70                           | mNet NSX Advanced Loadbalancer Enterprise   Shared              | Loadbalancer (VMW only)                      | Instance       | € 887,09    |
| O-IS4150-72                           | mNet NSX Advanced Loadbalancer Enterprise   Dedicated           | Loadbalancer (VMW only)                      | Instance       | € 3.996,68  |
| O-IS4200-10                           | mNet Internet Connect - 100 Mbps (BGP, Single DC)               | HA Internet outbreak incl. NaWaS             | Instance       | € 303,66    |
| O-IS4200-20                           | mNet Internet Connect - 1 Gbps (BGP, Single DC)                 | HA Internet outbreak incl. NaWaS             | Instance       | € 2.926,80  |
| O-IS4200-30                           | mNet Internet Connect - 10 Gbps (BGP, Single DC)                | HA Internet outbreak incl. NaWaS             | Instance       | € 28.633,86 |
| O-IS4300-10                           | mNet Internet IP Block v.4. - 8 IP's                            | IPv4 addresses, block of 8                   | Instance       | € 19,51     |
| O-IS4300-20                           | mNet Internet IP Block v.4. - 16 IP's                           | IPv4 addresses, block of 16                  | Instance       | € 39,02     |
| O-IS4300-30                           | mNet Internet IP Block v.4. - 32 IP's                           | IPv4 addresses, block of 32                  | Instance       | € 78,05     |
| O-IS4400-10                           | mNet Surf Connect v8 - 1 Gbps (Single connect)                  | Connection Surfnet (excl. O-IS4010/O-IS4000) | Instance       | € 180,49    |
| O-IS4400-20                           | mNet Surf Connect v8 - 10 Gbps (Single connect)                 | Connection Surfnet (excl. O-IS4010/O-IS4000) | Instance       | € 1.798,76  |
| O-IS4500-10                           | mNet MultiRegion Private Cloud Network - 1 Gbps                 | Connection between datacenters, per VLAN     | Instance       | € 250,00    |
| O-IS4500-11                           | mNet MultiRegion Private Cloud Network - 100 Mbps               | Connection between datacenters, per VLAN     | Instance       | € 28,05     |
| O-IS4500-20                           | mNet MultiRegion Private Cloud Network - 10 Gbps                | Connection between datacenters, per VLAN     | Instance       | € 2.378,03  |
| O-IS4500-30                           | mNet MultiRegion Private Cloud Network - 100 Gbps               | Connection between datacenters, per VLAN     | Instance       | € 22.566,85 |
| O-IS4600-10                           | mNet Azure Connect 100Mbit/s                                    | Fys. connection Azure ExpressRoute           | Instance       | € 432,92    |
| O-IS4600-11                           | mNet Azure Connect 200Mbit/s                                    | Fys. connection Azure ExpressRoute           | Instance       | € 451,22    |
| O-IS4600-12                           | mNet Azure Connect 500Mbit/s                                    | Fys. connection Azure ExpressRoute           | Instance       | € 506,09    |
| O-IS4600-13                           | mNet Azure Connect 1Gbit/s                                      | Fys. connection Azure ExpressRoute           | Instance       | € 1.012,19  |
| <b>Replication</b>                    |   |  |                |             |
